Independent Auditor's Report

Board of Directors
Delta-Montrose Electric Association and Subsidiary
Montrose, Colorado

Opinion

We have audited the consolidated financial statements of Delta-Montrose Electric Association and Subsidiary, which comprise the consolidated balance sheets as of December 31, 2021 and 2020, and the related consolidated statements of income, comprehensive income, and patronage capital, and cash flows for the years then ended, and the related notes to the consolidated financial statements.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial position of Delta-Montrose Electric Association and Subsidiary as of December 31, 2021 and 2020, and the results of its operations and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Delta-Montrose Electric Association and Subsidiary (the Association), and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Association's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether
 due to fraud or error, and design and perform audit procedures responsive to those risks.
 Such procedures include examining, on a test basis, evidence regarding the amounts and
 disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit
 procedures that are appropriate in the circumstances, but not for the purpose of expressing
 an opinion on the effectiveness of the Association's internal control. Accordingly, no such
 opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Association's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Consolidating and Supplementary Information

Our audit was conducted for the purpose of forming opinions on the consolidated financial statements that collectively comprise the Association's basic consolidated financial statements. The consolidated schedules, schedules of electric plant, accumulated depreciation, and patronage capital are presented for purposes of additional analysis and are not a required part of the basic consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic consolidated financial statements.

The information has been subjected to the auditing procedures applied in the audit of the basic consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic consolidated financial statements or to the basic consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated, in all material respects, in relation to the consolidated basic financial statements as a whole.

1. Nature of Operations and Summary of Significant Accounting Policies

Nature of Operations

Delta-Montrose Electric Association and Subsidiary (the Association) is a Colorado non-profit corporation organized to provide electric service at the retail level to residential and commercial accounts in Montrose and Delta counties and the surrounding areas. Power delivered at retail is purchased wholesale primarily from Tri-State Generation and Transmission Association, Inc. (Tri-State) through June 30, 2020 and Guzman Energy thereafter. Any revenues earned in excess of costs incurred are allocated to members of the Association and are reflected as patronage capital equity on the balance sheet.

DMEA Utilities Services, LLC (DMEAUS) is a for-profit corporation organized to pursue development opportunities, including a fiber broadband company doing business as Elevate. DMEAUS is a wholly-owned subsidiary of the Association.

System of Accounts

Although the Association is no longer a Rural Utilities Service (RUS) borrower, its accounting records are maintained in accordance with the RUS Uniform System of Accounts (USOA) prescribed for RUS electric borrowers.

Principles of Consolidation

The consolidated financial statements include the accounts of Delta-Montrose Electric Association and its wholly-owned subsidiary, DMEAUS. All material intercompany transactions have been eliminated.

Electric Plant, Maintenance, and Depreciation

Electric plant is stated at the original cost of construction which includes the cost of contracted services, direct labor, materials, and overhead items. Contributions from others toward the construction of an electric plant are credited to the applicable plant accounts.

When property which represents a retirement unit is replaced or removed, the average cost of such property, as determined from the continuing property records is credited to electric plant, and such cost, together with cost of removal less salvage, is charged to the accumulated provision for depreciation.

Maintenance and repairs, including the renewal of minor items of plant not comprising a retirement unit, are charged to the appropriate maintenance accounts, except that repairs of transportation and service equipment are charged to clearing accounts and redistributed to operating expense and other accounts.

Electric Revenues From Contracts with Customers

The Association's headquarters facility is located in Montrose, Colorado. The service area includes members located in Montrose and Delta counties and surrounding areas.

Substantially all operating revenues and customer accounts receivables are derived from contracts with customers. Performance obligations related to the sale of energy are satisfied as energy is delivered to customers. The Association recognizes revenue that corresponds to the price of the energy delivered to the customer.

The measurement of energy sales to customers is generally based on the reading of their meters, which occurs on a systematic basis throughout the month. At the end of each month, amounts of energy delivered to customers since the date of the last meter reading are estimated, and the corresponding unbilled revenue is recognized. The Association has calculated that its unbilled revenue for delivered power usage which has not been billed to customers at December 31, 2021 and 2020 amounted to \$6,137,339 and \$6,353,246, respectively.

The Association does not recognize a separate financing component of its collections from customers as contract terms are short-term in nature. The Association presents its revenues net of any excise or sales taxes or fees.

DMEAUS Revenues

Generally, revenues that are derived from customers are cancellable on a short-term basis and are billed monthly and recognized as revenue in the month that the performance obligation is fulfilled. Monthly service plan revenues derived from local services, and recurring special access revenues are billed and recognized in the month that service is provided. Usage sensitive revenues (revenues earned from originating/terminating long distance calls) are generally billed as a per minute charge and are billed in arrears and recognized in the month the service was provided.

Sales of equipment and other services that are provided are considered to be separate performance obligations. When equipment and installation is a distinct performance obligation, the Association records the sale of the equipment when the customer takes possession of the products and services are accepted by the customer.

Revenue recognized from fixed term contracts that bundle services or equipment is allocated based on the standalone selling price of all required performance obligations of the contract and any discounts are recognized over the contract term. Promotional discounts relating to bundled services are attributed to each required component of the bundled services. There were no material costs to acquire customer contracts that would be required to be deferred and amortized over the contract period. The amount of installation charges that have not been billed as of December 31, 2021 and 2020 were determined to be insignificant.

Inventories

Materials and supplies inventories are valued at average unit cost.

Financial Instruments with Off-Balance-Sheet Risk

The Association maintains its temporary cash investments and checking accounts in financial institutions located in its service area and the National Rural Utilities Cooperative Finance Corporation (CFC). The Federal Deposit Insurance Corporation (FDIC) insures cash deposits. The Association maintains accounts at FDIC insured institutions and at times deposits exceeded the insured amounts.

Patronage Capital Certificates

Patronage capital from associated organizations is recorded at the stated amount of the certificates.

Cash and Cash Equivalents

For purposes of the statements of cash flows, the Association considers cash-general, cash-restricted, and temporary cash investments-restricted to be cash equivalents.

Use of Estimates in the Preparation of Consolidated Financial Statements

The preparation of consolidated financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Allowance for Uncollectible Accounts

The Association uses an aging method to allow for uncollectible accounts receivable. During the year, management makes an evaluation of past due accounts to determine collectability. The accounts deemed uncollectible are written off upon approval by management.

Reclassification

Certain reclassifications have been made to the 2020 consolidated financial statements to conform to the 2021 presentation.

2. Assets Pledged

Substantially all assets are pledged as security for the long-term debt to CoBank and to CFC.

3. Property, Plant, and Equipment

The major classes of plant are as follows:

	December 31,				
		2021	_	2020	
Hydro Plant	\$	20,057,920	\$	20,113,774

Total Plant in Service	\$_	289,093,383	\$_	273,443,483	

-10-

DELTA-MONTROSE ELECTRIC ASSOCIATION AND SUBSIDIARY NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

The Association provides for depreciation of plant as follows:

Hydro Plant	2.50%
Transmission Plant	2.75%
Distribution Plant	2.30% - 8.00%
General Plant	
Structures and Improvements	3.00%
Transportation Equipment	16.99%
Power Operated Equipment	10.99% - 16.99%
All Other General Plant	6.00% - 16.00%

Depreciation for the year ended December 31, 2021 was \$11,535,121 of which \$11,317,171 was charged to depreciation expense, and \$140,871 allocated to other accounts. Depreciation for the year ended December 31, 2020 was \$10,349,306, of which \$9,528,011 was charged to depreciation expense and \$821,295 allocated to other accounts.

4. Investments in Associated Organizations and Other Investments

Investments in associated organizations consist of the following:

	 December 31,			
	 2021		2020

Federated Insurance				
Patronage Capital	370,975		349,060	
Other	 616,196	_	523,240	
	\$ 4,812,524	\$_	4,412,075	

During the year ended December 31, 2020, the Association discontinued its membership with Tri-State. As part of this exit, the Association forfeited its investment in Tri-State. The resulting loss of \$47,665,084 was recognized as part of non-operating losses on the financial statements.

Other investments consist of the following:

	 December 31,				
	 2021	2020			
Notes Receivable - Geothermal Loans	\$ 96,321	\$_	119,659		

The Association and DMEAUS entered into a promissory note between the companies during the year ended December 31, 2020. This balance due from DMEAUS to the Association appears on the unconsolidated balance sheets for the Association and DMEAUS, but is eliminated for consolidated financial statements. The interest rate on this note is set at the market rate at the time of execution.

5. Restricted Cash and Temporary Cash Investments

Restricted cash consists of the following:

		December 31,				
		2021	_	2020		
Education and Charitable Fund	\$	1,194,780	\$	1,299,092		
Power Supply Deposits - NITS		423,853		423,853		
Deferred Compensation				158,260		
Uncompangre Valley Water Users Association		1,240,263		1,335,936		
Deferred Revenue	_	12,750,000	_	12,750,000		
	\$	15,608,896	\$_	15,967,141		

This restricted cash is presented on the balance sheet as follows:

	<u></u>	December 31,				
	2021 2020					
Cash - Restricted Temporary Cash Investments - Restricted	\$	15,608,896	\$	8,217,141 7,750,000		
	\$	15,608,896	\$	15,967,141		

The Association had an agreement with the Uncompahgre Valley Water Users Association (UVWUA) for construction of a hydroelectric generation facility. This agreement gave Delta-Montrose Electric Association water rights for the facility at no cost for the term of the debt that would be utilized to construct the facility. During the year ended December 31, 2013, the hydroelectric generation facility became operational. Annually, the amount of any power cost savings less expenses related to this facility are split 50/50 with UVWUA, with UVWUA's portion being the Association's cost of water rights from UVWUA. The Association is contractually obligated to reinvest UVWUA's share in specified investments.

For the years ended December 31, 2021 and 2020, UVWUA's share was \$1,240,263 and \$1,335,936, respectively. Once all debt obligations are satisfied, the Association has the right to either acquire a 50% interest in the facility in exchange for agreeing to forego any future rental payments, or market and sell 50% of the power generated by the facility.

The Association has adopted and amended a Deferred Revenue Plan beginning in 2012. As a result of that plan, \$12,750,000 of cash is considered restricted as of December 31, 2021 and 2020. See Note 17 for further information on this plan.

6. Materials and Supplies (At Average Cost)

Materials and supplies consist of the following:

	 December 31,				
	 2021	_	2020		
Electric Inventory	\$ 1,898,586	\$	1,459,770		
Special Equipment Inventory	1,386,809		1,164,686		
Vehicle Inventory	45,732		26,898		
Fiber Optic Inventory	1,383,403		1,022,775		
Other	 859,776	_	415,017		
	\$ 5,574,306	\$_	4,089,146		

7. Deferred Debits

Deferred debits consist of the following:

		December 31,				
	<u> </u>	2021	_	2020		
Unamortized Debt Cost	\$	3,268,482	\$	3,523,169		
Business Development Costs		66,196		198,536		
Deferred Tax Asset (See Note 9)		1,814,077		1,784,876		
Other		566,009	_			
	\$	5,714,764	\$	5,506,581		

In 2019, the Association paid off all FFB debt early by refinancing it with CFC, resulting in debt costs of \$3,820,304 to be amortized over the maturity of the new debt (15 years). Amortization was \$254,687 for the years ended December 31, 2021 and 2020.

In 2017, DMEAUS incurred costs related to consulting and branding of its fiber network. The total amount deferred was \$661,726 and is being amortized over five years. Amortization was \$132,340 during each of the years ending December 31, 2021 and 2020.

8. Intangible Assets

During 2016, DMEAUS acquired a netblock, which is a range of Internet Protocol (IP) addresses that a specific Internet Service Provider or data center owns and can assign at will, for \$69,632. During 2017, DMEAUS acquired an additional netblock for \$86,316. During 2021, a portion of the netblock was sold for a gain, and as a result, the net book value of the netblock held by DMEAUS is \$146,201 and \$155,948 at December 31, 2021 and 2020, respectively. The netblock has an indefinite life and as such, the cost is not amortized. The value of the netblock is reviewed annually for impairment.

9. Income Taxes

The Association is exempt from federal income taxes under Section 501(c)(12) of the Internal Revenue Code as long as 85% of its revenue is from members for the sole purpose of meeting expenses and losses. For the years ended December 31, 2021 and 2020, the Association qualified for exemption. However, the Association has engaged in unrelated trades or businesses and is subject to the Unrelated Business Income Tax imposed on tax-exempt entities by Section 511 of the Internal Revenue Code. Principal sources of unrelated business income activities are dispatching services and intercompany fiber leases.

DMEAUS is an association taxed as a C-corporation for federal and state income tax reporting purposes and files applicable corporate income tax returns.

For losses arising in tax years beginning before January 1, 2018, Net Operating Losses (NOLs) were generally allowed to be carried back for a period of up to two years for offsetting prior years' taxable income or carried forward for a period not to exceed 20 years for offsetting future taxable income. For losses arising in tax years beginning after December 31, 2017, the carry forward period is indefinite. At December 31, 2021, the total NOL carryovers available to the Association and DMEAUS are \$645,148 and \$17,245,503, respectively.

Net operating loss carryovers and expirations by each company are as follows:

		Pre-2018 (20 Year Carryover)	Begins Expiring	_	Post - 2017 (Indefinite Carryover)	_	Total
DMEA	\$			\$	645,148	\$	645,148
DMEAUS	_	4,047,124	2033	_	13,198,379	_	17,245,503
	\$_	4,047,124		\$_	13,843,527	\$_	17,890,651

Income taxes are provided for tax effects of transactions reported in the financial statements and consists of taxes due currently plus deferred taxes. Because the Association and DMEAUS file on a stand-alone basis, current and deferred taxes, if any, are recorded separately based on the taxable income and temporary differences of each.

The Association and DMEAUS follow the asset and liability method for reporting income taxes. The objective of the asset and liability method is to establish deferred tax assets and liabilities for the temporary differences between the financial reporting basis and the tax basis of the Association's and DMEAUS' assets and liabilities at enacted tax rates expected to be in effect when such amounts are realized and settled. As changes in the tax laws or rates are enacted, deferred tax assets and liabilities are adjusted through the provision for income taxes.

Deferred federal and state income taxes result from transactions which enter into the determination of taxable income in different periods than recorded for financial reporting purposes. Principal sources of deferred federal and state income taxes are NOL carryovers and accelerated depreciation. It is anticipated the NOL carryovers available to DMEAUS will be fully utilized before expiring. Therefore, a valuation allowance for the related deferred tax asset is not recorded. However, a valuation allowance of the deferred tax asset related to the NOL carryover for the Association is recorded as it is anticipated such NOL carryovers will not be fully utilized.

In accordance with ASU 2015-17 "Income Taxes", the Association and DMEAUS classify all deferred income tax assets and liabilities as non-current. Components of net deferred federal tax asset (liability) recognized in the consolidated financial statements are as follows:

		December 31,					
Net Noncurrent Deferred Income Taxes		2021		2020			
<u>Federal</u>							
Deferred Tax Asset	\$	4,049,807	\$	4,124,154			
Deferred Tax Liability		(2,571,336)		(2,588,917)			
	\$	1,478,471	\$	1,535,237			
Less: Valuation Allowance				(84,272)			
	\$	1,478,471	\$	1,450,965			
<u>State</u>							
Deferred Tax Asset	\$	853,939	\$	856,097			
Deferred Tax Liability		(518,333)		(522,186)			
	\$	335,606	\$	333,911			
Less: Valuation Allowance		0		0			
	\$	335,606	\$	333,911			
Total Noncurrent Deferred Income Tax Asset	\$	1,814,077	\$	1,784,876			

The components of the provision for federal and state tax benefit (expense) are as follows:

	Decer	nber	31,
	 2021		2020
Federal and State Income Tax		_	
Deferred Federal Tax Benefit (Expense)	\$ (56,765)	\$	(351,305)
Deferred State Tax Benefit (Expense)	1,695		(71,856)
Current Year Net Operating Loss			900,397
Decrease (Increase) in Valuation Allowance	 84,272	_	(18,091)
	\$ 29,202	\$	459,145

-15-

DELTA-MONTROSE ELECTRIC ASSOCIATION AND SUBSIDIARY NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

The Association and DMEAUS have adopted the "uncertain tax positions" provisions of accounting provisions generally accepted in the United States of America. The primary tax position of the Association is its filing status as a tax-exempt entity. The primary tax positions for DMEAUS are the timing differences impacting taxable income. The Association and DMEAUS have determined it is more likely than not that their tax positions will be sustained upon examination by the Internal Revenue Service or other state taxing authority and that all tax benefits are likely to be realized upon settlement with taxing authorities.

The Association files its income tax return in the U.S. federal jurisdiction. DMEAUS files income tax returns in the U.S. federal jurisdiction and in the state of Colorado. The Association and DMEAUS are no longer subject to U.S. federal jurisdictions for the years before 2018. DMEAUS is no longer subject to income tax examinations by Colorado State taxing authorities for years before 2017. The Association and DMEAUS recognize interest expense and penalties in operating expenses. There were no penalties or interest recognized during the years ended December 31, 2021 and 2020.

10. Return of Capital

Under the original provisions of the loan agreements, until the equities and margins equal or exceed 30.00% of the total assets of the Association, the return to patrons of capital contributed by them was limited generally to 25.00% of the patronage capital or margins received by the Association in the prior calendar year. This provision was amended by the lenders in 2020 to reduce the required equity to total asset ratio to 20.00%. The equities and margins of the Association represent 29.33% and 27.57% of the total assets as of December 31, 2021 and 2020, respectively. Additionally, the Association retired \$102,665 and \$151,091 (of which \$58,484 and \$90,747 was paid in cash with the remainder discounted) during the years ended December 31, 2021 and 2020, respectively. The Association retires capital on a combination of LIFO/FIFO (last-in, first-out / first-in, first-out) methods.

11. Patronage Capital

Patronage Capital consist of the following:

		2021 2020 40,628,152 \$ 40,730,817 10,581,040 6,410,511 51,209,192 \$ 47,141,328 (9,000,000) (9,000,000)			December 31,

	\$ 13,452,322	\$	9,293,972

13. CFC Mortgage Notes

Following is a summary of long-term mortgage notes due to CFC with scheduled maturities at various times through 2050:

	 December 31,				
	2021	2021 2020 80,622,289 \$ 83,251,579 14,409,186 15,360,166			
CFC Fixed Rate Notes Ranging from 2.81% to					
5.20% in 2021 and 2.78% to 5.20% in 2020	\$ 80,622,289	\$	83,251,579		
CFC Fixed Rate CREBs Notes at 4.30%	 14,409,186		15,360,166		
	\$ 95,031,475	\$	98,611,745		
Less: Current Maturities	 3,628,340		3,580,270		
	\$ 91,403,135	\$	95,031,475		

The Association participated in the federal loan program for Clean Renewable Energy Bonds (CREBs) to finance renewable energy projects. The Association received federal tax credits in lieu of a portion of the traditional bond interest, resulting in a lower effective interest rate for the Association. As of December 31, 2021 and 2020, the Association has \$14,409,186 and \$15,360,166 outstanding on these notes.

Principal and interest installments on the above notes are due quarterly. As of December 31, 2021, the annual maturities of long-term debt due to CFC for the next five years are as follows:

2022	\$ 3,628,340
2023	3,643,775
2024	3,826,377
2025	3,970,972
2026	4,113,977

At December 31, 2021 the Association had \$24,000,000 of unadvanced funds available.

14. CoBank Mortgage Notes

Following is a summary of long-term mortgage notes due to CoBank with scheduled maturities at various times through 2045:

	 Decer	nber	31,
	 2021		2020
3.56% Note	\$ 2,728,322	\$	2,938,320
3.70% Note	6,343,454		6,734,098
3.77% Note	6,704,885		7,077,486
4.29% Note	13,718,894		14,042,208
4.44% Note	4,609,323		4,713,813
4.85% Note	 4,641,452	_	4,758,067
	\$ 38,746,330	\$	40,263,992
Less: Current Maturities	 1,579,786		1,517,662
	\$ 37,166,544	\$_	38,746,330

Principal and interest installments on the above notes are due monthly. As of December 31, 2021, the annual maturities of long-term debt due to CoBank for the next five years are as follows:

2022	\$ 1,579,786
2023	1,644,478
2024	1,707,646
2025	1,781,818
2026	1,854,867

15. Lines of Credit

The Association has a perpetual \$5,000,000 line of credit for short-term financing with CFC and a \$5,000,000 line of credit with CoBank, both at variable interest rates. At December 31, 2021 and 2020, the Association had \$10,000,000 and \$0 outstanding on these lines of credit, respectively. Pursuant to the Association's utilization of long-term funds to repay these amounts, \$10,000,000 and \$0 are classified as long-term debt on the consolidated balance sheets at December 31, 2021 and 2020, respectively.

16. Small Business Administration (SBA) Loans through Paycheck Protection Program (PPP)

During 2020, the Association qualified for and received a loan pursuant to the Paycheck Protection Program, a program implemented by the U.S. Small Business Administration under the Coronavirus Aid, Relief, and Economic Security Act, from a qualified lender (the PPP Lender), for an aggregate principal amount of approximately \$2,752,100 (the PPP Loan). During 2021, the principal amount of the PPP Loan was forgiven under the Paycheck Protection Program since the Association was able to demonstrate that they incurred qualifying expenses in the prescribed time frame. As such, the \$2,752,100 has been recorded as non-operating income for the year ended December 31, 2021.

17. Deferred Credits

Deferred Credits consist of the following:

		December 31,				
		2021	_	2020		
Consumer Advances in Aid to Construction	\$	134,965	\$	153,047		
Energy Prepayments		609,691		634,383		
Unclaimed Capital Credits		1,200,803		1,305,624		
Deferred Revenue Plan		12,750,000		12,750,000		
DMEAUS Deferred Revenue		1,846,213		1,486,696		
Deferred Revenue - Grants		7,164,589		4,086,000		
Deferred Revenue - IRU Fiber		891,525		949,985		
Other		91,760	_	332,324		
	\$_	24,689,546	\$_	21,698,059		

During the year ended December 31, 2012, the Association adopted a Deferred Revenue Plan in accordance with *Accounting Standards Codification 980, Regulated Operations*. This plan, and its subsequent amendments, was designed to help offset the potential increase of power cost in future years. The net revenue deferral recognized in 2021 and 2020 was \$0 and \$5,000,000, respectively. The balance of this deferred revenue as of December 31, 2021 is \$12,750,000 and will be recognized over the years of 2022-2026.

18. Pension Benefits

Defined Benefit Plan

Narrative Description

The NRECA Retirement Security Plan (the RS Plan) is a defined benefit pension plan qualified under Section 401 and tax-exempt under Section 501(a) of the Internal Revenue Code. It is a multiemployer plan under the accounting standards. The RS Plan sponsor's Employer Identification Number is 53-0116145 and the RS Plan Number is 333.

A unique characteristic of a multiemployer plan compared to a single employer plan is that all plan assets are available to pay benefits of any plan participant. Separate asset accounts are not maintained for participating employers. This means that assets contributed by one employer may be used to provide benefits to employees of other participating employers.

Plan Information

The Association contributions to the RS Plan in 2021 and 2020 represented less than five percent of the total contributions made to the RS Plan by all participating employers. The Association made contributions to the RS Plan of \$833,776 in 2021 and \$861,164 in 2020. There have been no significant changes that affect the comparability of the 2021 and 2020 contributions.

For the RS Plan, a "zone status" determination is not required, and therefore not determined, under the Pension Protection Act (PPA) of 2006. In addition, the accumulated benefit obligations and plan assets are not determined or allocated separately by individual employer. In total, the RS Plan was over 80% funded on January 1, 2021 and 2020 based on the PPA funding target and PPA actuarial value of assets on those dates.

Because the provisions of the PPA do not apply to the RS Plan, funding improvement plans and surcharges are not applicable. Future contribution requirements are determined each year as part of the actuarial valuation of the RS Plan and may change as a result of plan experience.

Defined Contribution Plan

The Association also participates in a 401(k) plan, a defined contribution plan provided through NRECA. The Association makes monthly contributions to the plan. The cost for the Association was \$549,529 and \$516,473 for the years ended December 31, 2021 and 2020, respectively.

19. Litigation, Commitments, and Contingencies

Management represents there is no pending or threatened litigation against the Association at December 31, 2021, that would materially affect the Association's financial condition.

20. Related Party Transactions and Power Supply Arrangements

The Association purchased its power from Tri-State Generation and Transmission Association up until June 30, 2020. The Association was represented on the power supplier's Board of Directors up until that time. Beginning July 1, 2020, the Association's wholesale power contract is with Guzman Energy.

21. Subsequent Events

The Association's management has evaluated subsequent events through April 6, 2022, the date which the financial statements were available for issue.

22. Recently Issued Accounting Pronouncements

In February 2016, the FASB issued Accounting Standards Update 2016-02, *Leases*. The new standard establishes a right-of-use (ROU) model that requires a lessee to record a ROU asset and a lease liability on the balance sheet for all leases with terms longer than 12 months. Leases will be classified as either finance or operating, with classification affecting the pattern of expense recognition in the income statement. A modified retrospective transition approach is required for lessees for capital and operating leases existing at, or entered into after, the beginning of the earliest comparative period presented in the financial statements. The new standard is effective for nonpublic entities for fiscal years beginning after December 15, 2021. The Association is evaluating the impact of the new standard on the financial statements.

LETTER TO BOARD OF DIRECTORS REGARDING POLICIES CONCERNING AUDITS OF CFC BORROWERS

Board of Directors Delta Montrose Electric Association and Subsidiary Montrose, Colorado

We have audited, in accordance with auditing standards generally accepted in the United States of America, the balance sheet of Delta Montrose Electric Association and Subsidiary (the Association) as of December 31, 2021, and the related statements of income and patronage capital and cash flows for the year then ended, and have issued our report thereon dated April 6, 2022.

In connection with our audit, nothing came to our attention that caused us to believe that the Association failed to comply with the terms of Article V of the National Rural Utilities Cooperative Finance Corporation Loan Agreement insofar as they relate to accounting matters. However, our audit was not directed primarily toward obtaining knowledge of such noncompliance.

This report is intended solely for the information and use of the Board of Directors and management of the Association and the National Rural Utilities Cooperative Finance Corporation and is not intended to be and should not be used by anyone other than these specified parties.
